Competition & Event’s Officer:

Charmaine Jackson, competitions@waterpolosa.com.au or 0413 861 930

This WPSA Position is for 10 hours per week, therefore I unfortunately cannot be at all the games. I am happy to help where I can if any problems arise (which I am sure they will), but would like to thank all the Clubs and Volunteers for helping make our State League Competition a success.

WPSA are hoping to continuously improve our competition structure, we are aware that nothing is ever perfect, and we welcome any suggestions or constructive criticism.

Please be respectful of Pool Staff at each venue should problems arise as I am sure they are only trying to do their best to meet our needs.

Thank you and regards

Charmaine

- Unacceptable language
- Equipment abuse
- Disobedience
- Disrespect
- Splashing
- Any other occurrences determined by the reporting official

Examples of Grade 2 include:

- All of Grade 1 (depending on the circumstances)
- Attempted contact that may have caused injury if contact had been made
- Minor Contact (no injury)
- Persistent foul or rough play
- Continuous disrespect
- Any other occurrences determined by the reporting official

Misconduct - Violence

Examples of Grade 1 include:

- All of Misconduct (depending on the circumstances)
- Attempting to kick an opponent
- Attempting to strike an opponent
- Unwelcome and deliberate contact to sensitive body part (e.g. female breast, genitals)
- Any other occurrences determined by the reporting official

Examples of Grade 2 include:

- All of Grade 1 (depending on the circumstances)
- Kicking an opponent
- Striking an opponent
- Persistent foul or rough play
- Unwelcome and deliberate contact to sensitive body part (e.g. female breast, genitals)
- Continuous disrespect
- Any other occurrences determined by the reporting official

There is no grading for brutality or threats of brutality.

For Australian Referees: Current FINA interpretations on key areas of play *Interpretations are provided by FINA List Referee - Daniel Flahive in November 2011*

Talking to Referees

Any complaint directed to a Referee draws an exclusion. This includes:

- Using Referee name
- Directing complaint to Referee

The FINA viewpoint is that a player / bench cannot be derogatory to a Referee

Centre Forward / Centre Back Decisions

- If the attacking team has the clear option to pass the ball into CF, and the CB takes the advantage away by holding, sinking or pulling back – then an exclusion is called
In this situation, it is an exclusion off the ball
- CF / CB may wrestle, but if one takes the advantage away from the other illegally, then it's a contra foul (turnover) or exclusion (depending on CF / CB).
CF takes advantage away from CB – CB receives a contra foul (turnover)
CB takes advantage away from CF – CB is excluded
- CF gaining an advantage by going underwater to enhance position against CB – draws a contra foul (turnover) against the CF.
CB still has to ensure that that he is not holding / sinking / pulling back
- Where a minor foul is due, it must be given

Defending a drive

- In a balanced situation in front of an attackers goal, if the attacker drives, and the defender has hands down, then it's an exclusion
 - Hands being down indicates the defender is holding / sinking / pulling
- In a balanced situation, if the defender deliberately blocks a drive from an attacker, the defender is excluded
 - Defender cannot take away the space of the attacker in order to block.

Referees making calls in the other Referees area

Referees have a responsibility to watch all play

Head Contact

- Head contact when not in possession of the ball is an exclusion
- Head contact when in possession is an exclusion if it interferes with the outcome of the play

Attacking player is not entitled to receive a foul because they have “turned” their opponent

- Attacking player legally turns the defender and then gains front water, then the defender fouls – exclusion of defender.
- If the attacking player uses two hands or illegally pulls around the defender the ball must be turned over in favour of the defence.

Effective hand signalling by Referees

- Referees to use hand signals to indicate decisions
 - Players / Coaches / Spectators receive far better communication as a result
 - Referees should make sure the signals are given clearly to the players, before signalling the table. In most cases the defending referee should be directing the numbers to the table so the referee under pressure can concentrate

Last minute of game – ball must be moved

In last minute of any game, the ball must be moved forward. Goalie cannot hold the ball without moving forward

Simulation Fouls

- An attacking player who - in the dying seconds of their attack - puts the ball on the water in a “safe” position and moves into the defender must not be given a minor foul (which would allow a 5m shot). Instead the referee must immediately turn the ball over to the defence.
 - The reasoning is that the attacking team has already had 30 seconds to score and have wasted it. Therefore the referee must not reward their poor play
